He currently serves on the boards of directors of the Victoria Heritage Foundation, established by the City of Victoria to administer grants for owners of heritage-designated homes, and Gasket Games Corp., a video game studio in Vancouver.

Stephen is the founder and managing director of Lyons Law Corporation, which opened as a full-service law firm in downtown Victoria in 2018. A software developer for 20 years before he became a lawyer, Stephen earned a Bachelor of Arts in Classical Studies (Honours) and History and a Master of Arts in Classical and Near Eastern Archaeology from the University of British Columbia, and a Juris Doctor from the University of Victoria.

Angie has an MA in Greek and Roman Studies from the University of Victoria where she studied Latin satire. While not financially lucrative, this degree has honed her ability to employ humour in even the most dire of circumstances.

In her spare time, Angie enjoys managing her own extensive collections of vintage kitsch, weaving, kickboxing and showing people pictures of her cats.

He has brought to life over 50 exhibitions across 16 countries.
